Policy - 6.14.P.1

The Freedom of Information Act (FOIA), 5 USC 552, was enacted in 1966. FOIA requires that government agencies disclose to the public certain public records. Sandia National Laboratories is NOT an agency of the Department of Energy or the U.S. Government; Sandia is a Contractor to the Department Of Energy. Clause H-42 Paragraph (g) of Sandia's prime contract with DOE states that Sandia's official procurement file records are Contractor-owned records. Therefore all procurement records or documents are not subject to the requirements of the Freedom of Information Act.
